## TOBACCO MARKET

**Opens Up Brighter Than In Years--Local Houses Report Good Business.**

The tobacco market has opened up in earnest in Cloverport. The two local houses have received several loads daily within the past week, and on some days were kept on the hustle to handle it.

The local market opened up stronger this year than in many years, the average advance being one dollar, and in some instances as high as \$1.50. The Cloverport market, it is said, is in advance of other markets at the present. Both the Whiteley, Son & Co. and the American Tobacco Company report business satisfactory and look for a good season.

Owensboro, Ky., Nov. 23.—Tobacco is rolling in in great quantities. The handling forces of all of the Equity houses in the county have been excessively busy for the past several days.

Equity men throughout the county feel perfectly confident of being able to hold virtually all of the pledged tobacco, even in the face of the high prices which will be offered in the open market. Not a single instance of "dumping" has been reported so far.

Reports from S. B. Lee, who is in charge of the rehandling houses in Ohio county, are to the effect that the tobacco in that county is of good quality and that it is coming in freely. Ohio has the largest Equity membership of any county in the State, and practically all of the tobacco in that county will be pooled.

## LOCAL TELEPHONE EXCHANGE IMPROVED

The Cumberland Telephone Company has made extensive improvements in the local exchange. The old switchboard has been replaced with the latest

model Multiple switchboard, and the latest type Warner generator has been installed. Telephone patrons can confidently look for improved service.

To local manager Sexton credit is due for the improvement. Mr. Sexton has been in charge here only a few months and what he has accomplished is highly creditable to him.

## FATAL ACCIDENT TO DR. J. H. WHITE.

**Former Cloverport Citizen Killed While Out Hunting in Missouri.**

Dr. J. H. White, formerly a citizen of Cloverport, was accidentally killed while out hunting in Missouri on Tuesday of last week.

The doctor, who was living at Charleston, Mo., in company with another gentleman and his son, were on their way to the swamp, when the team they were driving became unmanageable and ran away. The occupants were all thrown to the ground, Dr. White and his elder companion received fatal injuries, while the boy escaped unhurt.

The injured men were forced to lie in the rain and mud all night. The next morning the boy succeeded in making his way back home and told of the accident.

Dr. White was a son of Dr. W. B. White, of Princeton, who formerly lived here and conducted a drug store. He was an uncle of Will and Frank White, who now live here.

## LARGE DEMAND FOR TURKEY MEAT

There will be few families in Cloverport who will not feast on Thanksgiving turkey to-morrow, according to local poultry dealers. The merchants with one accord say the local demand has been the heaviest in years and that it has been a question of supplying the wants of the people.

Turkey raisers, it is claimed, are holding the fowls for higher prices, notwithstanding that the market quotations are in advance of this season last year.

## SALT RIVER BRIDGE

**Will Soon Be Replaced By Louisville, Henderson and St. Louis Railway Co.**

The officials of the Louisville, Henderson and St. Louis railway are making arrangements for the reconstruction of the bridge over Salt river, which collapsed early last Thursday morning. A. M. McCracken, general superintendent of the road, said he did not know just when the work to rebuild the bridge would begin, as that depended on the river, which at present is so swift that a foundation could not be commenced. The bridge was not insured, and the loss is now estimated at \$50,000.

### A WEEK'S HAPPENINGS

RELATING TO AFFAIRS IN THIS AND ADJOINING STATES.

**Sensational Divorce Suit Filed at Louisville**—Floods the Sequel to Incandescent Rains—Feltner Trial Postponed—Other Matters.

**Louisville, Ky., Nov. 21.**—Mrs. Annah's Janglethill filed suit here for divorce from her husband, Carl Janglethill, secretary of the Continental Tobacco company. She asks for \$200,000 alimony and also files suit against Janglethill's Continental Tobacco company, Powhatan Woodbridge and the Deposit Bank of Beards, Ky., to restrain them from disposing of or purchasing Janglethill's property. Janglethill was granted a temporary injunction and writs of attachment by Judge Kirby. Mrs. Janglethill in her petition complains that her husband has hired secret agents to spy upon her and has turned the servants against her and has induced them to tell false stories. The petition says further that Janglethill has lived most of his time for the past several years in New York, and not only did not invite her to come to him but insisted that she remain on the farm, where her only protection was the servants. The filing of the suit has caused a sensation in Louisville society.

**Cloudburst at Louisville.**  
**Louisville, Ky., Nov. 21.**—Persistent rainfall of the last three days culminated in an electrical storm and cloud burst that made the city tremble. Trees were struck by lightning, the telephone system of the city was much disorganized and telegraph facilities in all directions were impaired. Streets in many sections of the city resembled lakes, and it was impossible for pedestrians to move about without wading knee deep in water. Basements were flooded and stocks in several retail establishments were ruined. An aggregate of about \$50,000. The rainfall in Louisville since Saturday aggregates six inches; at Memphis, Tenn., 16 1/2 inches. Nearly all trains from the south arrive in Louisville from one to 16 hours late.

**Rivers Out of Bounds.**  
**Lexington, Ky., Nov. 22.**—Telegrams from all over this state indicate that great damage has been done by the Cumberland, Licking, Red, Kentucky and Big Sandy rivers and other rivers and creeks in the state. From Bowling Green a report comes that the Harro river has risen 25 feet and thousands of logs, railroad ties, fencing, etc., have been swept away. The river at Morgan town has risen 15 feet and thousands of logs have been lost at Ford, Clark county. At Maysville the Ohio river is full of logs. Scores of logs have been lost on every river in the mountain district.

**Kentucky Liquor Taxes.**  
**Frankfort, Ky., Nov. 17.**—The Kentucky court of appeals decided in an unconstitutional and invalid. The Kentucky legislature of 1904, imposing a tax on rectified liquors of 50 cents per barrel and 2 cents per package. The act originated in the senate instead of in the house of representatives as required by the state constitution in cases of revenue raising measures. The Franklin circuit court held constitutional and enforceable the legislative act of March, 1906, imposing a tax of 1 1/4 cents per gallon on rectified liquor manufactured. The decision will be appealed to the court of appeals.

**Seven Italians Overwhelmed.**  
**Bluefield, W. Va., Nov. 21.**—Seven workmen of a class of 19 engaged in removing a slide on the Dry Fork branch of the Norfolk & Western railroad were killed as the result of a big slip of land. The men were swept down the mountain side and into the river. Twelve escaped. The bodies of four of the victims were recovered and three of the bodies are buried under hundreds of tons of earth. All of the victims were Italian laborers and were known only by numbers.

**Feltner Trial Postponed.**  
**Lexington, Ky., Nov. 21.**—At Brantville, Lee county, Ky., the trial of Moses Feltner of Hamilton, O., ex-Breathitt convict, charged with organizing a mob to assassinate Judge James Hazels, was continued until next Tuesday on account of the absence of Commonwealth witnesses. Feltner says that although he fears death, he will remain in the mountains until the case is ended.

**Flood Damage Heavy.**  
**Hopkinsville, Ky., Nov. 20.**—A cloud-burst here following heavy rains of

two days sent Little river out of its banks flooding a large portion of the city. The damage estimated at from \$50,000 to \$100,000. Many stores on Main street had from one to three feet of water in them. The Satory brick building of James F. Garrett collapsed, two of the four stores in the building being wrecked.

**Short of Towboats.**  
**Pittsburg, Ky., Nov. 23.**—With many millions of bushels of coal yet in the harbor, shipping of coal to southern markets had to be discontinued here on account of a shortage of towboats. During the last three days about 18,000,000 bushels have been started for the south.

**A Lunatic's Fly-Catcher.**

**Dr. John H. Girdner,** the alienist of New York, was visiting an insane asylum. He met a man in the hall. "Who are you?" asked Girdner. "Me?" said the man. "Why I'm here, but I ain't crazy. Not on your life. All the rest of them are crazy, but not me. I'm an inventor. I have got an invention that will make me so rich that John D. Rockefeller will look like a poor man beside me."

"What is it?" asked Girdner.

"A patent fly-catcher. Greatest thing in the world. Here, I'll show you how it works."

The man took a sheet of paper and drew a bird-cage. "That," he said, "is a parrot's cage—just a common cage—but you observe that on this side there is a door with a heavy iron knob, and that there is another door on the other side, also with a heavy iron knob."

"Now you see, you take this parrot's cage and put it on a pedestal fourteen feet high, the pedestal standing on a marble slab. Then I place a ladder on this side, reaching up to one door, and a ladder on the other side, leading to the other door."

"This is how it works. The unsuspecting fly comes along and climbs up the ladder on this side. It opens the door by means of the iron knob, walks through the cage and opens the door on the other side. Then it starts down the other ladder."

"That's where we catch him!" the inventor continued excitedly. "That's where the invention is. That's where I shall get my money. You see, the fourth rung is missing in this ladder, but the fly doesn't know it, and he falls on the marble slab and breaks his neck." Saturday Evening Post.

**A Year of Blood.**  
The year 1903 will long be remembered in the home of P. N. Tackett, of Allamore, Ky., as a year of blood; which flowed so copiously from Mr. Tackett's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored and at the same time have been permanently cured. Guaranteed for Sore Lungs, Coughs and Colds, at Saver's drug store. Price 50c and \$1.00. Trial bottle free."

**Exercising Dogs.**

"Are you the editor that takes in social news?" inquired the caller, an undersized man with a tired and timid appealing look on his face.

"Yes, sir," replied the young man at the desk. "I can take in any kind of news. What have you?"

"Why, it's this way," said the caller, lowering his voice. "My wife gave a small party last night, and I am willing to pay to have this report of the affair put in the paper."

"We don't charge anything for publishing society news," observed the young man at the desk, taking the proffered manuscript and looking it over.

"That's all right," was the reply. "You don't understand. I wrote this up myself, and I put in a line or two that says, 'Mr. Haislick assisted his distinguished wife in receiving the guests.' That's the way I want to go, and I don't care if it costs a dollar a word. I want my friends to know, by George! that I still belong to the family."—Harpers Weekly.

### THE PRESIDENT SAILS

Day and Night Spent Among the People of Porto Rico.

ACCORDED GREAT OVATIONS

**Assured His Auditors at Each Point That He Would Use Every Effort to Secure Citizenship For Them—Automobile Used From Ponce to San Juan and Return.**

**San Juan, Porto Rico, Nov. 22.**—After a day and night spent among the people of Porto Rico, President Roosevelt and party sailed today from Ponce for home, and it is expected that Washington will be reached late Monday night.

The president journeyed in an automobile over the famous military road from Ponce to San Juan, and was accorded an ovation by the people of Porto Rico. The 80-mile trip was made in 10 hours and 30 minutes, counting the time taken up by stops at the principal towns along the route where the president made short speeches to the people. The president in all his speeches dwelt on the affection he held for the people of Porto Rico, and assured them that he would use every effort to secure citizenship for them, that his efforts would be used to help them along the path of true government.

Before leaving Ponce the president was driven to the Roosevelt high school. Here several hundred school children had been assembled and sang "America" as the president drove up. The cornerstone of this building was laid in April, 1903, by the president's daughter, now Mrs. Longworth. The president was greatly pleased with his reception at the school and made a short address. He was showered with flowers by the children as he drove away.

The presidential party left Ponce at the time set by the schedule for the run to San Juan over the famous military road. Eleven automobiles conveyed the party. Stops of three minutes were made at Juana Diaz, Coamo and Abolito. At each place the president was welcomed by the mayor and spoke briefly from his automobile.

Arriving at the original entrance to the city of San Juan, where formerly stood the old city hall and gate, a huge arch had been erected by the city and here Mayor Toled and the city officials extended their welcome to the president. He responded in a brief speech, and then, preceded by the Porto Rican provisional regiment, went to the governor's palace, where he spent the night. The president received a particularly warm reception when he passed the Casino, the exclusive Spanish club. President Roosevelt complimented Chief of Police Hamill for the perfect police arrangements. He was deeply impressed with his reception by the people. Thursday morning the presidential party returned to Ponce, where all boarded the battleship Louisiana, which sailed for Norfolk.

### NEGROES

To Replace the Colored Troops Dismissed From the Army.

**Washington, Nov. 22.**—Following the statement that the President's order dismissing the three negro companies of the Twenty-fifth infantry would be rescinded, Secretary of War Taft says that immediate steps will be taken to recruit colored soldiers to replace the men discharged. The members of the three companies who were on furlough at the time of the Brownsville affair and three members who are to be tried by court-martial will not be mustered out. All the three companies were ordered to disband on the face of the president when he suspended the order directing the discharge without honor of three companies of the Twenty-fifth infantry for declining to follow the names of the soldiers who "shot up" the town of Brownsville, Tex., and the outcome of the difference between the president and the secretary of war is awaited with much interest.

In his summary of the reports made by the officers and of his own efforts to locate the guilty soldiers, Brigadier General Garlington declares that every means of getting evidence concerning the shooting was exhausted. All the three companies were talked with individually and all, he says, evaded questions, and even refused to discuss the events at Brownsville which were known to have enraged the negroes before the riot.

**Cost of Hughes' Election.**  
**Albany, N. Y., Nov. 23.**—The statement of the Republican state committee, just filed, shows that \$332,911 was spent during the late state campaign. Among the contributors were: J. F. Morgan, \$20,000; L. P. Morton & Co., \$20,000; Timothy L. Woodruff, \$10,000; Andrew Carnegie, John D. Rockefeller, Jr., \$5,000; C. M. Deane and Lieutenant Governor Frank W. Higgins, \$2,500 each.

**Police Chief Killed.**  
**West Point, Ga., Nov. 23.**—J. S. Johnson, a merchant of Lanett, Ala., shot and instantly killed Chief of Police J. W. Jones in Lanett. No cause for the tragedy is known. Johnson gave himself up, but, fearing violence, he was taken to the county jail at Lafayette, where he was held.

**Crew of Fourteen Drowned.**  
**Quebec, Nov. 23.**—A vessel supposed to be the bark Madga has been lost on Red Island reef, with all on board. She carried a crew of 14 men.

## Letter From An Old Friend.

Eastern capital, represented by Urban C. Brewer, of Pennsylvania, has purchased 800 acres of limestone land in Adams county, fronting two miles on the Ohio river, and will erect a big cement plant, which will be equal in capacity to those now operating in the vicinity of Louisville, and which will make this city one of the great world markets for cement.

Charles F. Hill, of Louisville, was at the other end of the deal, which was consummated yesterday.

It is understood that a company having at its disposal from \$500,000 to \$1,000,000 capital will be organized to exploit the land, and that a plant will be set in operation within six or seven months. The numerous analysis made of the cement rock by Mr. Brewer, who has inspected the land in question, has convinced him that it is equal to the best now in use.

Owing to the fact that the land has a river frontage of considerable length, and is high above the river front, it will not only give the plant access by water to big markets, but will enable the rock to be reduced and the cement manufactured at smaller cost than usual. This will be accomplished by conveying the rock through the various processes by gravity.—Louisville Herald.

## The Ideal Family Laxative

is one that can be used by the entire family, young and old, weak and strong, without any danger of harmful effects. It should have properties which are the same dose, always having the same effect, otherwise the quantity will have to be increased and finally lose its effect altogether. These properties can be found in that old family remedy, Brandreth's Pills, because its ingredients are of the purest herb extracts, and every pill is kept for three years before being sold, which allows them to mellow. We do not believe there is a laxative on the market that is so carefully made.

Brandreth's Pills are the same fine laxative tonic pill your grandparents used. They have been in use for over a century, and are sold in every drug and medicine store either plain or sugar-coated.

## The Next Congress.

According to the clerks of the House of Representatives who are expected to keep close track of the political complexion of the House, the Republicans will have fifty-two majority in the lower branch of the next Congress, the Republicans having 192 and the Democrats 165. Two vacancies now exist through the death of Representative Ketcham and Hoar. In all probability Republican successors will be elected. The count does not include the new State of Oklahoma, where at least four out of five Representatives will be Democrats, hence there is not a majority by the Democratic Committee is approximately correct. One hundred and three Representatives who served in the present Congress will not be members of the next.

With the exception of Teller, of Colorado, and Newlands, of Nevada, the Senators of every Northern State will be Republican in the next Congress. But then there is coming Oklahoma, the youngest sister, with two prospective Democratic United States Senators. By the same token, there is not a Republican Senator from any of the South except little Delaware, whose Republican votes, being largely black, are alternately purchased in the interest of Addicks or the DuPonts. There is neither a Republican Senator Republican party in all the States of the South, while in every Republican State of the North there is a vigorous Democratic opposition, which, upon any political reform, may be converted into a majority.

**Violin is a Godsend to old people.**  
I am 76 years old, but have a hearty appetite, sleep soundly, and feel active and well today, thanks to Violin. When I was young cod liver oil was considered in a grocery, unpleasant in form, and it fairly galled me to get it down. Violin is entirely different, very palatable and nourishing to the impoverished blood. It is the best tonic and strength creator I ever used in my life.

Violin is a real cod liver preparation, from which the useless oil has been eliminated and tonic had added. Try Violin on our guarantee.

## LIVES LOST.

## Storm Sweeps Points in Mississippi.

## Property Loss Heavy.

Memphis, Tenn., Nov. 19.—Eight people are known to have lost their lives, scores of others were hurt and property and crops suffered great damage as a result of one of the most severe storms which has ever been experienced in this section. The storm, which originated on the Gulf, swept northeastward through portions of Alabama, central and northern Mississippi and western Tennessee, and in its northward course razed scores of substantial buildings, partially demolished hundreds of others, caused a complete demonstration of railroad traffic and cut off telegraphic communication with many points in the affected territory.

Cotton in the fields blown down by the wind was beaten into the ground and if not totally, badly damaged. Besides the loss of life and property damage, which is known to have occurred, a number of points directly in the pathway of the storm cannot be communicated with and when communication has been received it is feared that the loss to life and property will be greatly increased.

The order gives Shonts supreme authority over all departments.

## Town Was Dry

Columbus, O., Nov. 19.—Columbus was a dry city Sunday, as the saloons were kept closed, the orders of Mayor Badger being rigidly observed by both the saloonmen and the police force, with but few exceptions. There were only half a dozen arrests. Mayor Badger said the order to close saloons was not issued because of strike conditions here, but because the law says the saloons shall be closed on Sundays. He added the order was issued during the balance of his term as mayor.

## Blizzard in Colorado.

Trinidad, Colo., Nov. 19.—The worst blizzard experienced here in a decade is now raging. The blizzard and this section of Colorado are almost certain to occur.

## FIFTY VICTIMS.

## Lumber of Result of Collision in Seattle Harbor.

Seattle, Wash., Nov. 20.—When the little steamer Dix was run down in this harbor by the Alaskan liner Jeanie, Sunday night, 50 persons perished. Thirty-seven of the 79 passengers on the Dix were rescued. Of the five female passengers on the Dix the only one to escape was Alice Simpson, a 15-year-old girl. She is believed to be the only person who escaped from the main deck of the steamer, where more than half of the deck's passengers were huddled together when the crash came.

The Jeanie was backing when she collided with the Dix and the impact was very slight. The Dix was struck about midships. She listed heavily a brief period, righted herself and then sank stern first in 100 fathoms of water. There was hardly time to launch life rafts or boats before she was almost entirely submerged. Passengers jumped from the decks into the water, women screamed and officers and men called orders that could hardly be heard above the din. Passengers from the Dix who could swim made their way to the sides of the Jeanie and were dragged aboard. The Jeanie was not moved until after all who had time to reach her were hauled aboard, then she cruised about picking up several who managed to stay afloat. Deaton, the master, who was at the wheel when the collision occurred and who is blamed for the disaster, is among the 41 who were lost.

Seaton & Weatherholt have done a good job in laying the new walk-way on the Iron bridge. It is a great improvement over the old way.

There seems to be something doing in Hardinsburg. The young business blood of that good old town is warming up to its opportunities. Don't stop, young men, but keep everlastingly at it.

If Gov. Beckham wants to make himself solid with the temperance element let him call the Legislature together, have them pass a law by which he can put the "lid on" and fast in the big cities. Let his machine get busy and enforce the laws.

The merchant who adjusts himself to supply modern demands in modern ways and impresses the buying public that he can and will do it, is the merchant who is going to succeed. Don't be afraid. Have faith in yourself. In your own personal power to overcome all competition, home or mail order houses. Get busy and keep busy and quit mouthing about dull business.

## Do the People Know a Good Thing When They See It?

Come in here on Saturday, the 1st day of December and you will readily see that the people of this community know a good thing, and are quick to take it in when they get a chance.

## We Are Going to Give You a Chance!

On Saturday, December 1, we will sell HOOSIER COTTON at the remarkably low price of

4 and 3-4c. per yd. by the Bolt.

## Remember---Saturday, December 1, Only.

This is a positive statement, and will be verified to those who give us cause to prove it, by trying us on this price on that date. Think of it. HOOSIER COTTON cannot be bought in the city on the wholesale markets for that money today. 4 and 3-4 cents is the price.

We do not mean just a few yards at this price, we mean to supply every one who calls on that date with as much as one whole bolt of HOOSIER COTTON, (a household necessity) for the remarkably low price of 4 and 3-4c per yard by the bolt. No one family can purchase more than one bolt. Now, whether "You want the earth or not," we can help you get a good slice of it if you accept the above offer on December 1, 1906. Your last chance at this offer. Take it and be happy.

B. F. BEARD & CO., HARDINSBURG, KENTUCKY.

## DOCK AUBERRY,

A White Man, to Be Sold at Public Auction at Elizabethtown.

By the verdict of the jury and judgment of the court, Dock Auberry, a white man of Hardin county, will be sold by the sheriff at public auction to labor for nine months. He was tried and convicted on vagrancy, being a strong, able-bodied man without means of support and too lazy to work. The town and county would be much benefited if more of such prosecutions were made against the worthless lot of loafers that can be found on the streets here at any time.—Mirror.

over the membrane and is absorbed. Relief is im-  
mediate and a cure follows. It is not drying—does  
not produce sneezing. Large Size, 50 cents at Drug-
